

Women in Electronics Welcomes Vishay to Their Sponsor Family

Orange County, CA – May 31, 2023 – Women in Electronics (WE), a 501c3 public charity providing leadership growth and development, mentorship, networking, thought-leadership events, and resources that advance results in gender parity, announced today its newest Gold sponsor, Vishay, a global electronics manufacturer creating revolutionary technology for some of today's most vital electronic products.

"We are proud to support Women in Electronics and their commitment to the professional growth and advancement of women in the electronics industry," said Joel Smejkal, Vishay President and Chief Executive Officer. "Vishay is thrilled to be a part of a community championing women and helping the industry evolve toward a more inclusive future."

"Our team at WE is grateful for the partnership and support from Vishay that will enable us to provide essential development programs and resources, along with events and thought leadership to help make strides toward diversity, equity, and inclusion efforts in the electronics industry and beyond," says Jackie Mattox, WE Founder and CEO. "We look forward to creating a sense of belonging for all talent to thrive."

WE offers gratitude to sponsors: Amphenol, Arrow Electronics, Avnet/Newark/Farnell, Kyocera/AVX, Altium/Nexar/Octopart, Cornell Dubilier, Digi-Key, EETech, Flex Electronics, Galco Industrial Electronics, Littelfuse, Master Electronics, Molex, Rochester Electronics, Orbweaver, Plexus, RS, Rutronik, Samtec, Sourceability, Supplyframe, TTI Family of Specialists, Vishay, Waldom, and YAGEO Group.

About Women in Electronics

Women in Electronics (WE) was founded in 2017 by a group of industry professionals to offer a sense of community, develop together, and unite with colleagues to advance results in gender parity in the electronics industry and related end-user markets. WE is focused on four organizational goals: empower, advocate, develop, and celebrate by providing leadership growth and development, mentorship, networking, thought-leadership events, and career resources. Women in Electronics receives support from leading industry organizations and reaches the industry community through events and local chapters throughout the US and Europe, with plans to reach a broader global community.
