Women in Electronics Welcomes Plexus Corp. to its Sponsor Family

Orange County, CA – June 13, 2022 – Women in Electronics, a 501(c)(3) public charity, providing leadership growth and development, mentorship, networking, thought-leadership events, and resources that advance results in gender parity in the electronics industry, announced today its newest sponsor, Plexus Corp., a global leader in complex product design, manufacturing, supply chain and aftermarket services.

Todd Kelsey, CEO of Plexus commented, “We are excited to partner with Women in Electronics given the strong alignment in values and goals. Empowering, developing, advocating and celebrating women is critical in expanding opportunities and building leadership talent at Plexus and in the electronics industry. Our people create our best Plexus. For Plexus to succeed in our vision of helping create the products that build a better world, it is critical that all of our teammates have the opportunities and support necessary to reach their full potential.”

“Plexus is a world-renowned global organization with a well-established commitment to creating a diverse and inclusive workspace, where all team members have the opportunity to reach their full potential,” said Jackie Mattox, WE Founder, President & CEO. “Women in Electronics anticipates this partnership to be beneficial in advancing gender parity in the Electronics Industry and related end user markets.”

“I am excited to join the DEI Council of Women in Electronics, aligning our focus and efforts to create a diverse and inclusive global Electronics Industry,” stated Jamie Crouse, Plexus’ Vice President of Human Resources. “We respect and embrace the diverse perspectives, backgrounds and experiences of our team members. In valuing and uniting through this collective uniqueness, we create great outcomes for our team members, partners and communities.”

Women in Electronics offers gratitude to sponsors: Allied Electronics/RS, Amphenol, Arrow Electronics, Avnet/Newark/Farnell, Kyocera/AVX, Cornell Dubilier, Digi-Key, Flex Electronics, Galco Industrial Electronics, KEMET/Yageo, Littelfuse, Octopart, Orbweaver, Plexus, Samtec, and TTI Family of Specialists.

###

About Women in Electronics

Women in Electronics (WE) was founded in 2017 by a group of women professionals to offer a sense of community, develop together, and unite with their male colleagues to expand the opportunities for women and advance results in gender parity in the Electronics Industry and related end user markets. As a 501(c)(3) public charity, WE is focused on four organizational goals: empower, advocate, develop and celebrate, providing leadership training and development, mentorship, networking, thought-leadership events, and resources. Women in Electronics is supported by leading industry organizations and reaches the industry community through regional chapters throughout the US and Europe, with plans to reach a global community.
